

October 29, 2012

Dear Guests:

Thank you again for sailing with us aboard the Disney Fantasy.

We want to let you know that current weather reports for Grand Cayman indicate heavy sea and wind conditions, which may limit our ability to tender directly into the Georgetown Harbor in Grand Cayman. While tendering in Spot's Bay may be possible tomorrow, transportation to Georgetown from Spot's Bay is very limited when multiple ships are in port. We would prefer to provide our guests with a more enjoyable day onshore with a full complement of Port Adventures. Therefore, we have made the decision to modify our itinerary to visit Costa Maya tomorrow, as we believe that this will be a better overall experience for our Guests.

The remainder of our itinerary is as follows:

Tuesday	Costa Maya	(previously Grand Cayman)
Wednesday	Cozumel	(as scheduled)
Thursday	Day at Sea	
Friday	Disney's Castaway Cay	
Saturday	Port Canaveral	

Port Adventures previously booked for Grand Cayman will be cancelled and these charges will be removed from your stateroom account. In addition, the port taxes for Grand Cayman will be refunded to the original form of payment that was used to make your reservation.

Any previously pre-arranged Port Adventures for Costa Maya have been reinstated, as much as possible - and tickets will be delivered to Guests staterooms this evening. Please pay special attention to the meeting times on the tickets, as many tours have been adjusted to fit our earlier morning arrival in Costa Maya.

We expect gangways to be open to go ashore at 7:45am and All Aboard time to be 5:30pm

PLEASE NOTE - we will be staying on ship's time while in port and NOT local time (which is 1 hour behind)

We continue to stay focused on providing the best possible cruise experience and we again appreciate your patience and understanding.

Sincerely,

The Cast & Crew
Disney Cruise Line
